

MAYES' WOOD and ALUMINUM LEVELS

Since 1896 Mayes' Levels have been the choice of Bricklayers, Masons, Carpenters, Plasterers, Tilesetters, Millwrights and Machinists the world over.

Mayes' Levels outsell competitive lines because they have that superior quality and workmanship, combined with *exclusive features* that make them absolutely *accurate* and *dependable*. The big Mayes' line includes a level for every purpose. Also a complete line of Plasterers' Tools, Hawks, Floats, etc. Sold thru Jobbers only. Send for literature and trade prices.
